

# Muhammed Adel El-Menshawy

## Front-End Developer

Giza, Egypt | [muhammad.a.elmenshawy@gmail.com](mailto:muhammad.a.elmenshawy@gmail.com) | +201122249273 | LinkedIn: [linkedin.com/in/muhammed-el-menshawy](https://www.linkedin.com/in/muhammed-el-menshawy) | GitHub: [GitHub/MuhammedAdel6041](https://github.com/MuhammedAdel6041)

### Career Objective

Motivated and fast-learning Front-End Developer skilled in building responsive and optimized UIs with React, Next.js, and Tailwind. Comfortable with Redux Toolkit, React Query, and front-end performance techniques. Eager to grow in a team that values mentorship, best practices, and clean, user-centered development.

### Experience

#### The American | Front-End Intern

Giza, Egypt | May 2025 – June 2025

- This contributed to building a tourism web platform focused on managing tour groups and organizing sightseeing programs.
- Developed responsive UI components using React.js and Tailwind CSS to enhance usability.
- Collaborated with the team to implement pages showcasing cultural landmarks and tourism packages.
- participated in optimizing user navigation and page performance.

#### Handmade E-Commerce– Remote

Giza, Egypt | May 2024 – June 2024

- Created a fully responsive e-commerce website for selling handmade products that promote Arab cultural heritage.
- Built using React.js and Next.js, with features such as dynamic product categories and shopping cart functionality.
- Worked independently with the client to gather requirements and deliver a complete user-friendly interface.
- Focused on performance optimization and SEO, achieving over 90 in Lighthouse performance score.

### Education

#### Helwan University | Bachelor of Information Systems

Cairo, Egypt | **Graduated: January 2025**

- **Major** in Information Systems | **Minor** in Computer Science
- Cumulative **GPA: 2.78 /4.00**
- Relevant coursework: Web Development, Database Systems, Object-Oriented Programming

### Projects

#### Deal Hunt E-Commerce | [Live Demo](#)

- Developed a fully responsive e-commerce platform with dynamic product listings and seamless user navigation, improving user retention by 25%
- **Optimized UI performance, reducing page load time by 30% using lazy loading & code splitting.**
- **Improved SEO performance**, achieving a **90+ Lighthouse score** for accessibility and best practices.

## Dead Hunt Dashboard | [Live Demo](#)

- Tools: **React.js**, **Vite**, Tailwind, **Ant Design**, Axios, Chart.js, **React Query**.
- Built a Responsive Admin-Dashboard with Visualization, real-time data fetching.
- Implement Form Validation, State Management, and Seamless Navigation.

## Cryptocurrency | [Live Demo](#)

- Tools: **React.js**, **Vite**, Tailwind, **Ant Design**, Axios, **Chart.js**, **Redux Toolkit**, Framer Motion
- Built a Responsive Cryptocurrency Website to display Real-Time Market data and Coins
- Integrated Dynamic Charts for Data Visualization and Enhanced Interactivity with Animation
